

MEET YOUR 2026 SLNC BOARD OF DIRECTORS

MICHAEL STOREY

After obtaining his Mechanical Engineering degree and a couple years experience in the field, Michael obtained a masters degree in Finance (MBA) and went into corporate real estate banking. This led to various positions with office and shopping centre developers, and ultimately founding a real estate investment trust, which currently trades on the Toronto Stock Exchange. Michael and his wife Kathy are now retired and live at Silver Star. Throughout his career and retirement, Michael has maintained his love of outdoor activities, including alpine skiing, cross country skiing, biking, hiking, golfing and sailing.

MARTY STEIRUCK

I have been a member of Sovereign Lake cross country ski club for over 20 years and I have enjoyed cross country skiing for over 40 years. As a medical doctor, I have excellent listening, problem solving and negotiating skills. I have served on several boards including Black Jack XCS club, the BC Medical Association, and UBC-O faculty for Family Practice residents. I developed and ran the Jackrabbit and youth ski programs in Rossland and have volunteered as a cross country ski instructor. I was President of Black Jack XCS club for several years, initiating land purchases for the club and negotiating with MLAs.

MICELE WOLFE

Sovereign Lake Nordic Club has been an important part of my life for many years — as a coach, parent, and active member of this amazing skiing community. I've witnessed the positive impact the club has on physical health, personal confidence of members, and connection for people of all ages. I'm excited about the club's future, especially with the new lodge, and I would love the opportunity to contribute my experience and energy to support its continued growth and success.

MEET YOUR 2026 SLNC BOARD OF DIRECTORS

ALEXANDER KLEIN

I am passionate about XC skiing and am usually on the trails 50-60 times a season. It goes without saying that SLNC is a World Class facility and a valuable recreation site for the Vernon community and I think my financial background and skill set could provide value to the BOD in executing its strategic goals. I am currently retired from the active workforce so have ample time to dedicate to BOD responsibilities.

DAVID DENNIER

Dave is an avid cross country skier, and also enjoys snowshoeing amongst SLNC's snow ghosts. He has skied since 2004 and has been a member of SLNC since moving to B.C. in 2019. While he has volunteered at many recent Nordic ski events at Sovereign Lake, he started cross country ski racing in 2022 at the Masters World Cup in Canmore and has skied at the S2S every year since its inception. Dave lives up on Silver Star Mountain and is committed to the future of snowy recreational pursuits. Dave works using a deeply collaborative approach and believes in rigorous stakeholder engagement and is committed to customer satisfaction. Dave has served as chair of SLNC's Environmental Sustainability Committee and Paved Multi-Use Trail Task Force, board liaison to the Lodge Legacy Committee, and as a member of the Governance Committee. Dave has presented updates on the club's strategic plan at each of the past three Annual General Meetings.

LAURA BOT

Having been a member for the past number of years, with teenagers participating in the SLNC youth programs, and having volunteered at various races, events and committees, I am enthusiastic about supporting the club's mission. I am keen to be part of a dedicated team and leverage my skills as a CPA and business owner to help shape and advance the strategic vision of the club.

MEET YOUR 2026 SLNC BOARD OF DIRECTORS

CYNDY FLORES

I have had the privilege of serving on the SLNC Board of Directors for the past four years. During this time, I have gained invaluable experience and deepened my understanding of our organization's unique needs. I am eager to continue for another term to help bring several key initiatives to completion. With a commitment to SLNC's mission and the Nordic community we serve, I aim to leverage my external experience alongside my knowledge of SLNC to support its ongoing success.

CHRIS WILLIAMSON

I'm a secondary science teacher, parent to two adventurous daughters in Track Attack, and a recent (and enthusiastic) newcomer to nordic skiing. I bring experience from serving on the board of the QQS Project Society, along with a strong commitment to outdoor education, youth development, and community engagement.

BILL MILLER

I've been a member of Sovereign Lake for the past 10 years. I've been on the board for 4 years, primarily assisting in finance, HR and community involvement. I am an avid Nordic skier, and I also snowshoe, fat-bike and alpine ski. In the summer I mountain bike, hike and golf. I'm married and have 3 teenage/young adult daughters. To fund my passion for the outdoors I work for RBC Royal Bank where I'm a Financial Planner.
